

THE STATE OF ALABAMA }  
MONTGOMERY COUNTY }

**ENVIRONMENTAL COVENANT WITH DEED RESTRICTION, EASEMENT,  
AND RELEASE TO RUN WITH THE LAND**

WHEREAS \_\_\_\_\_ and \_\_\_\_\_, (hereinafter individually or collectively, "Grantors") holds legal title in fee simple to the real property located at \_\_\_\_\_, in Montgomery, Alabama, hereinafter referred to as the "Property" and which is more particularly described as:

**As recorded in the Montgomery County Judge of Probate Office at RLPY Book \_\_\_\_\_, Page \_\_\_\_\_.**

WHEREAS, the Grantors are aware that the soil and/or groundwater beneath the Property is now or may in the future be included in what is generally known as the "Coliseum Boulevard Plume" ("CBP"), an area in the City of Montgomery that is contaminated by trichloroethylene ("TCE"), its breakdown components and carbon tetrachloride, that may have originated on lands owned by the Alabama Department of Transportation, an agency of the State of Alabama, (hereinafter "Grantee");

WHEREAS, the Grantors know and understand that they do not own the groundwater beneath the Property, but have the right to a reasonable use thereof;

WHEREAS, the Grantee has consented to be responsible for all costs reasonably related to any past or continuing response actions required for management and/or remediation of the CBP;

WHEREAS, that for and in consideration of \_\_\_\_\_ (\$ \_\_\_\_\_) in cash paid by the Grantee to the Grantors, the receipt whereof is hereby acknowledged, and in further consideration of the mutual benefits accruing to the Grantors and the Grantee by the investigation and remediation of the CBP, the Grantors do grant, bargain and convey unto the Grantee and/or its successor agency this Environmental Covenant, a legal instrument executed pursuant to the *Alabama Uniform Environmental Covenants Act (Code of Alabama 1975, §§ 35-19-1 to 35-19-14)*, and containing the following:

1. A Deed Restriction, whereby the use of, access of, interference with, and/or consumption of the groundwater beneath the Property is hereby forever in perpetuity prohibited without the prior written consent from the Grantee. Written approval and/or direction from the Grantee or its successor agency must be sought, regardless of distance to the watertable, for any and all drilling of wells or installation of underground swimming pools. Written approval and/or direction from the Grantee or its successor agency must be sought for any use of the groundwater. Any approval requested hereunder may not be unreasonably denied.

2. An Easement, whereby the Grantee or its successor agency or agents shall have access to and right-of-way over, on, upon, under, through and across all areas of the Property except improved appurtenant structures thereon for purposes of investigation and/or remediation of the CBP ("Activities"). Prior to entry, the Grantee and/or its agents will notify the Grantors of the nature of the Activities and determine a mutually convenient time to perform the Activities to minimize interference with Grantors' business activity and/or Grantors' ordinary use of the Property. Grantee will repair any substantive damage to either the improved and/or unimproved portions of the Property incident to the conduct of Grantee or its agents, and make reasonable efforts to return the damaged portion of the Property to the condition it was in prior to the conduct of the Activities.

3. A Release of and from any and all claims, demands, causes of action, suits at law or in equity, losses, damages, and any other claims of any nature except for claims of personal injury, which are specifically excluded from this Release, which the Grantors may have now or in the future or which any successor in interest or bona fide purchaser for value of the Property may have in the future against Grantee, the State of Alabama, the Alabama Department of Transportation, and/or its Director, officials, and employees, both in their official and individual capacities, and their agents, representatives, assigns or successors in interest arising from or related to, either directly or indirectly, the presence of TCE, its breakdown components and carbon tetrachloride in the soil and/or groundwater beneath the Property.

**To Have and to Hold the same unto the said Grantee, the State of Alabama, the Alabama Department of Transportation, an agency of the State of Alabama, its Director, employees, successors and assigns, for the uses and purposes for which said Environmental Covenant with Deed Restriction, Easement and Release To Run With The Land ("Covenant"), a legal instrument executed pursuant to the *Alabama Uniform Environmental Covenants Act (Code of Alabama 1975, §§ 35-19-1 to 35-19-14)*, is granted, now and forever more, unless and until expressly waived and released by the Grantee, and it is expressly understood and intended that the said Covenant is intended to be and shall run with the Property and shall be perpetual and binding on any successive owner, lessee, invitee or licensee of the Property.**

In Witness Whereof, the said Grantors, \_\_\_\_\_, and \_\_\_\_\_ have signed and sealed these presents on this \_\_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_.
