

Notice to Stakeholders Regarding Excavation

Should you have a project in the Coliseum Boulevard Plume area that involves excavation, drilling or potential contact with groundwater, please contact Austin Cowan at ALDOT's Bureau of Materials and Tests at 334-206-2211 as you are planning your project. ALDOT subscribes to AL 811 "Call before you dig" service, but can provide information about the plume during planning. Per Alabama law, everyone, including homeowners must contact Alabama 811 at least two working days prior to the start of any excavation project – no matter how large or how small – especially if you are using any type of mechanical equipment. Call 811 or log onto <http://www.al811.com/> to provide required notice before construction that includes excavation or drilling.
