

Coliseum Boulevard Plume Community Outreach Group Monthly Project Update July 2018

The following project activities are planned to take place during the period of **July 1-31, 2018**. In the event that activities are scheduled that were not reflected in this monthly update, an interim update will be issued and posted.

- Routine surface water samples will be collected as required by the Settlement Agreement for Voluntary Response, effective March 10, 2015 (“the Agreement”) and the approved plans and permits. Quarterly surface water effectiveness samples are collected in January, April, July and October each year. Compliance samples are collected every two weeks.
- The semi-annual groundwater sampling event will be conducted in July 2018. Sampling will begin the week of July 9 and will include 35 monitoring wells included in the Long Term Monitoring plan.
- Operation of the treatment systems and maintenance (including spraying and mowing and fence upkeep) of the project and treatment areas will continue in accordance with approved plans. Additional maintenance to repair erosion along the concrete lined portion of Kilby Ditch has been identified and will be scheduled in the next few weeks.
- Routine observations and management of the plume area continue.
- **Additional Community Outreach Group members are needed to represent the Chisholm community. Individuals interested in learning more about the project and serving on the Community Outreach Group should submit a nomination form for consideration. Details and the form are available on the web site (www.coliseumboulevardplume.com) or by leaving a message on the CBP’s 24-Hour Information Line: (334) 353-6635.**

Monthly updates, the 2017 Annual Report and other project information are available at www.coliseumboulevardplume.com.
